To amend title XVIII of the Social Security Act to provide certain high cost Medicare beneficiaries suffering from multiple chronic conditions with access to Independence at Home services in lower cost treatment settings, such as their residences, under a plan of care developed by an Independence at Home physician or Independence at Home nurse practitioner.

IN THE SENATE OF THE UNITED STATES

SEPTEMBER 26 (legislative day, SEPTEMBER 17), 2008

Mr. WYDEN (for himself, Ms. MIKULSKI, Mr. WHITEHOUSE, and Mr. CARDIN) introduced the following bill; which was read twice and referred to the Committee on Finance

A BILL

To amend title XVIII of the Social Security Act to provide certain high cost Medicare beneficiaries suffering from multiple chronic conditions with access to Independence at Home services in lower cost treatment settings, such as their residences, under a plan of care developed by an Independence at Home physician or Independence at Home nurse practitioner.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Independence at Home
3 Act of 2008”.

4 **SEC. 2. FINDINGS.**

5 Congress makes the following findings:

6 (1) According to the November 2007 Congres-
7 sional Budget Office Long Term Outlook for Health
8 Care Spending, unless changes are made to the way
9 health care is delivered, growing demand for re-
10 sources caused by rising health care costs and to a
11 lesser extent the Nation’s expanding elderly popu-
12 lation will confront Americans with increasingly dif-
13 ficult choices between health care and other prior-
14 ities. However, opportunities exist to constrain
15 health care costs without adverse health care con-
16 sequences.

17 (2) Medicare beneficiaries with multiple chronic
18 conditions account for a disproportionate share of
19 Medicare spending compared to their representation
20 in the overall Medicare population, and evidence sug-
21 gests that such patients often receive poorly coordi-
22 nated care, including conflicting information from
23 health providers and different diagnoses of the same
24 symptoms.

25 (3) People with chronic conditions account for
26 76 percent of all hospital admissions, 88 percent of

1 all prescriptions filled, and 72 percent of physician
2 visits.

3 (4) More than 60 percent of physicians treating
4 patients with chronic conditions believe that their
5 training did not adequately prepare them to coordi-
6 nate in-home and community services; educate pa-
7 tients with chronic conditions; manage the psycho-
8 logical and social aspects of chronic care; provide ef-
9 fective nutritional guidance; and manage chronic
10 pain.

11 (5) Recent studies cited by the Congressional
12 Budget Office found substantial differences among
13 regions of the country in the cost to Medicare of
14 treating beneficiaries with multiple chronic condi-
15 tions with lower cost regions experiencing better out-
16 comes and lower mortality rates. These studies have
17 suggested that Medicare spending could be reduced
18 by 30 percent if more conservative practice styles
19 were adopted, however, the current Medicare fee-for-
20 service program creates incentives to provide frag-
21 mented, high cost health care services.

22 (6) Studies show that hospital utilization and
23 emergency room visits for patients with multiple
24 chronic conditions can be reduced and significant
25 savings can be achieved through the use of inter-

1 disciplinary teams of health care professionals caring
2 for patients in their places of residence.

3 (7) The Independence at Home program, de-
4 signed to fund better health care and improved
5 health care technology through savings it achieves,
6 uses a patient-centered health care delivery model to
7 permit the growing number of Medicare beneficiaries
8 with multiple chronic conditions to remain as inde-
9 pendent as possible for as long as possible and to re-
10 ceive care in a setting that is preferred by the bene-
11 ficiary involved and the family of such beneficiary.

12 (8) The Independence at Home program begins
13 Medicare reform by creating incentives for practi-
14 tioners and providers to develop methods and tech-
15 nologies for providing better and lower cost health
16 care to the highest cost Medicare beneficiaries with
17 the greatest incentives provided in the case of high-
18 est cost beneficiaries.

19 (9) The Independence at Home program incor-
20 porates lessons learned from prior demonstration
21 projects and phase I of the Voluntary Chronic Care
22 Improvement program under section 1807 of the So-
23 cial Security Act, enacted in sections 721 and 722
24 of the Medicare Prescription Drug, Improvement

1 and Modernization Act of 2003 (Public Law 108–
2 173).

3 (10) The Independence at Home Act provides
4 for a chronic care coordination demonstration for
5 the highest cost Medicare beneficiaries with multiple
6 chronic conditions that holds providers accountable
7 for quality outcomes, patient satisfaction, and man-
8 datory minimum savings on an annual basis.

9 (11) The Independence at Home Act generates
10 savings by providing better, more coordinated care
11 to the highest cost Medicare beneficiaries with mul-
12 tiple chronic conditions, reducing duplicative and un-
13 necessary services, and avoiding unnecessary hos-
14 pitalizations and emergency room visits.

20 (a) IN GENERAL.—Title XVIII of the Social Security
21 Act is amended—

1 “(2) CLINICAL, QUALITY IMPROVEMENT, AND
2 FINANCIAL REQUIREMENTS.—The Secretary may
3 not enter into an agreement with such an organiza-
4 tion under this section for the operation of an Inde-
5 pendence at Home program unless—

6 “(A) the program and organization meet
7 the requirements of subsection (d), minimum
8 quality and performance standards developed
9 under paragraph (3), and such clinical, quality
10 improvement, financial, and other requirements
11 as the Secretary deems to be appropriate for
12 participants to be served; and

13 “(B) the organization demonstrates to the
14 satisfaction of the Secretary that the organiza-
15 tion is able to assume financial risk for per-
16 formance under the agreement with respect to
17 payments made to the organization under such
18 agreement through available reserves, reinsur-
19 ance, or withholding of funding provided under
20 this title, or such other means as the Secretary
21 determines appropriate.

22 “(3) MINIMUM QUALITY AND PERFORMANCE
23 STANDARDS.—

24 “(A) IN GENERAL.—The Secretary shall
25 develop mandatory minimum quality and per-

1 formance standards for Independence at Home
2 organizations and programs.

3 “(B) STANDARDS TO BE INCLUDED.—

4 Such standards shall include measures of—

5 “(i) participant outcomes;

6 “(ii) satisfaction of the beneficiary,
7 caregiver, and provider involved; and

8 “(iii) cost savings consistent with
9 paragraph (6).

10 “(C) MINIMUM PARTICIPATION STAND-
11 ARD.—Such standards shall include a require-
12 ment that, for any year after the first year, an
13 Independence at Home program had an average
14 number of participants during the previous year
15 of at least 100 participants.

16 “(4) TERM OF AGREEMENT AND MODIFICA-
17 TION.—The agreement under this subsection shall
18 be, subject to paragraphs (3)(C) and (5), for a pe-
19 riod of three years, and the terms and conditions
20 may be modified during the contract period only
21 upon the request of the Independence at Home orga-
22 nization.

23 “(5) TERMINATION AND NON-RENEWAL OF
24 AGREEMENT.—

1 “(A) IN GENERAL.—If the Secretary deter-
2 mines that an Independence at Home organiza-
3 tion has failed to meet the minimum perform-
4 ance standards under paragraph (3) or other
5 requirements under this section, the Secretary
6 may terminate the agreement of the organiza-
7 tion at the end of the contract year.

8 “(B) REQUIRED TERMINATION WHERE
9 RISK TO HEALTH OR SAFETY OF A PARTICI-
10 PANT.—The Secretary shall terminate an agree-
11 ment with an Independence at Home organiza-
12 tion at any time the Secretary determines that
13 the care being provided by such organization
14 poses a threat to the health and safety of a par-
15 ticipant.

16 “(C) TERMINATION BY INDEPENDENCE AT
17 HOME ORGANIZATIONS.—Notwithstanding any
18 other provision of this subsection, an Independ-
19 ence at Home organization may terminate an
20 agreement with the Secretary under this section
21 to provide an Independence at Home program
22 at the end of a contract year if the organization
23 provides to the Secretary and to the bene-
24 ficiaries participating in the program notifica-
25 tion of such termination more than 90 days be-

fore the end of such year. Paragraphs (6), (8), and (9)(B) shall apply to the organization until the date of termination.

“(D) NOTICE OF INVOLUNTARY TERMINATION.—The Secretary shall notify the participants in an Independence at Home program as soon as practicable if a determination is made to terminate an agreement with the Independence at Home organization involuntarily as provided in subparagraphs (A) and (B). Such notice shall inform the beneficiary of any other Independence at Home organizations that might be available to the beneficiary.

“(6) MANDATORY MINIMUM SAVINGS.—

“(A) IN GENERAL.—Under an agreement under this subsection, each Independence at Home organization shall ensure that during any year of the agreement for its Independence at Home program, there is an aggregate savings in the cost to the program under this title for participating beneficiaries, as calculated under subparagraph (B), that is not less than the product of—

“(i) 5 percent of the estimated average monthly costs that would have been in-

1 curred under parts A, B, and D if those
 2 beneficiaries had not participated in the
 3 Independence at Home program; and

4 “(ii) the number of participant-
 5 months for that year.

6 “(B) COMPUTATION OF AGGREGATE SAV-
 7 INGS.—

8 “(i) MODEL FOR CALCULATING SAV-
 9 INGS.—The Secretary shall contract with a
 10 nongovernmental organization or academic
 11 institution to independently develop an an-
 12 alytical model for determining whether an
 13 Independence at Home program achieves
 14 at least savings required under subpara-
 15 graph (A) relative to costs that would have
 16 been incurred by Medicare in the absence
 17 of Independence at Home programs. The
 18 analytical model developed by the inde-
 19 pendent research organization for making
 20 these determinations shall utilize state-of-
 21 the-art econometric techniques, such as
 22 Heckman’s selection correction methodolo-
 23 gies, to account for sample selection bias,
 24 omitted variable bias, or problems with
 25 endogeneity.

1 “(ii) APPLICATION OF THE MODEL.—

2 Using the model developed under clause
3 (i), the Secretary shall compare the actual
4 costs to Medicare of beneficiaries partici-
5 pating in an Independence at Home pro-
6 gram to the predicted costs to Medicare of
7 such beneficiaries to determine whether an
8 Independence at Home program achieves
9 the savings required under subparagraph
10 (A).

11 “(iii) REVISIONS OF THE MODEL.—

12 The Secretary shall require that the model
13 developed under clause (i) for determining
14 savings shall be designed according to in-
15 structions that will control, or adjust for,
16 inflation as well as risk factors including,
17 age, race, gender, disability status, socio-
18 economic status, region of country (such as
19 State, county, metropolitan statistical area,
20 or zip code), and such other factors as the
21 Secretary determines to be appropriate, in-
22 cluding adjustment for prior health care
23 utilization. The Secretary may add to,
24 modify, or substitute for such adjustment
25 factors if such changes will improve the

1 sensitivity or specificity of the calculation
2 of costs savings.

3 “(iv) PARTICIPANT-MONTH.—In mak-
4 ing the calculation described in subpara-
5 graph (A), each month or part of a month
6 in a program year that a beneficiary par-
7 ticipates in an Independence at Home pro-
8 gram shall be counted as a ‘participant-
9 month’.

10 “(C) NOTICE OF SAVINGS CALCULATION.—
11 No later than 120 days before the beginning of
12 any Independence at Home program year, the
13 Secretary shall publish in the Federal Register
14 a description of the model developed under sub-
15 paragraph (B)(i) and information for calcu-
16 lating savings required under subparagraph
17 (A), including any revisions, sufficient to permit
18 Independence at Home organizations to deter-
19 mine the savings they will be required to
20 achieve during the program year to meet the
21 savings requirement under such subparagraph.
22 In order to facilitate this notice, the Secretary
23 may designate a single annual date for the be-
24 ginning of all Independence at Home program

1 years that shall not be later than one year from
2 the date of enactment of this section.

3 “(7) MANNER OF PAYMENT.—Subject to para-
4 graph (8), payments shall be made by the Secretary
5 to an Independence at Home organization at a rate
6 negotiated between the Secretary and the organiza-
7 tion under the agreement for—

8 “(A) Independence at Home assessments;
9 and

10 “(B) on a per-participant, per-month basis
11 for the items and services required to be pro-
12 vided or made available under subsection (d).

13 “(8) ENSURING MANDATORY MINIMUM SAV-
14 INGS.—The Secretary shall require any Independ-
15 ence at Home organization that fails in any year to
16 achieve the mandatory minimum savings described
17 in paragraph (6) to provide those savings by refund-
18 ing payments made to the organization under para-
19 graph (7) during such year.

20 “(9) BUDGET NEUTRAL PAYMENT CONDI-
21 TION.—

22 “(A) IN GENERAL.—Under this section,
23 the Secretary shall ensure that the cumulative,
24 aggregate sum of Medicare program benefit ex-
25 penditures under parts A, B, and D for partici-

1 pants in Independence at Home programs and
2 funds paid to Independence at Home organiza-
3 tions under this section, shall not exceed the
4 Medicare program benefit expenditures under
5 such parts that the Secretary estimates would
6 have been made for such participants in the ab-
7 sence of such programs.

8 “(B) TREATMENT OF SAVINGS.—If an
9 Independence at Home organization achieves
10 aggregate savings in a year in excess of the
11 mandatory minimum savings described in para-
12 graph (6), 80 percent of such aggregate savings
13 shall be paid to the organization and the re-
14 mainder shall be retained by the programs
15 under this title.

16 “(f) WAIVER OF COINSURANCE FOR HOUSE
17 CALLS.—A physician or nurse practitioner furnishing
18 services in the home or residence of a participant in an
19 Independence at Home program may waive collection of
20 any coinsurance that might otherwise be payable under
21 section 1833(a) with respect to such services.

22 “(g) REPORT.—Not later than one year after the end
23 of the Independence at Home demonstration project under
24 this section, the Secretary shall submit to Congress a re-

1 port on such project. Such report shall include information
 2 on—

3 “(1) whether Independence at Home programs
 4 under the project met the performance standards for
 5 beneficiary, caregiver, and provider satisfaction; and

6 “(2) participant outcomes and cost savings, as
 7 well as the characteristics of the programs that were
 8 most effective and whether the participant eligibility
 9 criteria identified beneficiaries who were in the top
 10 ten percent of the highest cost Medicare bene-
 11 ficiaries.”.

12 (b) CONFORMING AMENDMENTS.—

13 (1) Section 1833(a) of such Act (42 U.S.C.
 14 1395l(a)) is amended, in the matter before para-
 15 graph (1), by inserting “and section 1807A(f)” after
 16 “section 1876”.

17 (2) Section 1128B(b)(3) of such Act (42 U.S.C.

 20 paragraph (G);

21 (B) by striking “1853(a)(4).” at the end of

 25 graph (H) as subparagraph (I) and by striking

1 the period at the end and inserting “; and”;
2 and
3 (D) by adding at the end the following new
4 subparagraph:
